

# Roswell or Bust

## Roswell or Bust by Henry Melton

Teenager Joe Ferris was raised to help guests -- he was third generation in his family's motel business -- but once he connected with mute Judith, they were off on an epic thousand mile road trip through the Southwest, all to help the most unique guests of all -- the Roswell aliens stranded far from home since 1947. With the Men in Black hot on their trail, and discovering that the aliens had more tricks up their sleeves than their captors had ever discovered, Joe and Judith have to wonder just who is taking whom on the ride of their lives!

**Small Towns, Big Ideas** is a collection of stand alone YA titles where high school aged heroes of the here and now are confronted with classic science fiction themes. Targeted to ages 12 and up, these titles are receiving high ratings from all ages and have proved popular even with people who "don't read that science fiction stuff".

**Henry Melton**, author of the Darrell Award-winning *Emperor Dad*, is frequently on the road, taking inspiration from the small towns and scenic vistas he finds everywhere. Having written short science fiction for the magazines and anthologies for years, and making an impact with classics such as his gaming story *Catacomb*, he is now concentrating on YA science fiction novels.
